

Linewize Monitor

The most advanced student threat detection tool in K-12.

About Linewize Monitor

Linewize Monitor is a digital monitoring solution that alerts schools in real time to at-risk students based on their online behavior.

Monitor combines AI and human moderators to notify staff when students may be exposed to online harms such as cyberbullying, self-harm, violence, and more.

Never miss a vulnerable student in need.

Linewize Monitor features & benefits

Protect student safety 24/7:

- ✓ **Real-time alerts**
Designated staff receive alerts within minutes of an event occurring.
- ✓ **Human moderation**
Highly trained human moderators manually assess serious alerts 24/7, 365 days a year.
- ✓ **Robust reporting**
Generate easily digestible reports to share with faculty. Decide which reports they receive and when.
- ✓ **Data privacy, certified**
Monitor is the only solution of its kind to hold all iKeepSafe data privacy certifications: COPPA, FERPA, CSPC, and ATLAS.

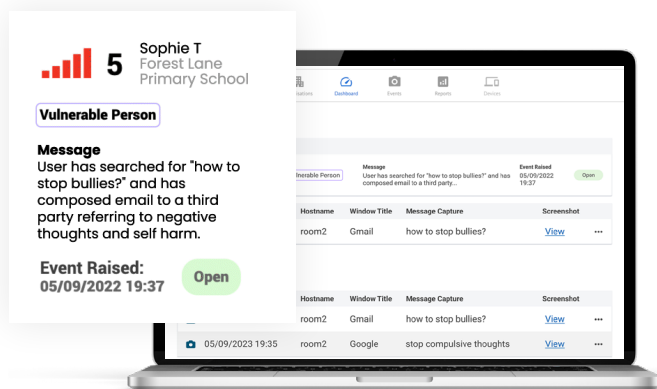

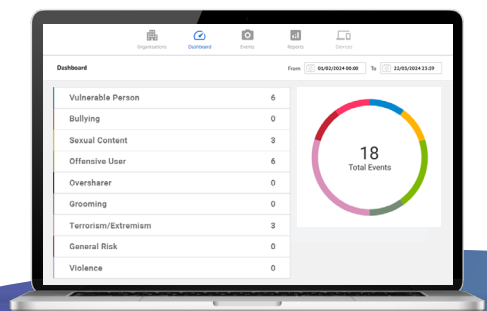

Linewize Monitor features & benefits

Make invisible risks visible:

- ✓ **Detect risks across the entire digital space**
Assess everything a student types across Google, Office 365, offline documents, web chat, social media, and more.
- ✓ **Flag online & offline activity**
Capture risks on and offline, on any network.
- ✓ **Risk-assess the screen, not just the URL**
View the full screen to provide additional context into student online activity.
- ✓ **Spot vulnerabilities across crucial safety categories**
Monitor provides the widest categorization in K-12, encompassing violence, bullying, self-harm, sexual content, grooming, radicalization, and mental health concerns.

Reduce staff workload:

- ✓ **Drastically reduce false positives**
AI and human moderators work hand-in-hand to assess and remove false positives, and only alert you when it truly matters.
- ✓ **Minimize IT burden**
Monitor's cloud-based solution offers fast deployment and eliminates the need for ongoing technical administration.
- ✓ **Alert the right staff**
Set up alerting profiles to get the right information to the right staff members efficiently.
- ✓ **Gain key context**
Receive contextual screenshots with all alerts to help plan timely interventions.
