

Linewize Parental Controls

Strengthen school-to-parent relationships by engaging parents to take an active role in their children's digital lives.

About Linewize Parental Controls

Linewize Parental Controls are available for Linewize Filter and Classwize customers, through our world-leading Qustodio Parent App.

By offering Qustodio to families, your district can provide increased visibility of what their children are doing online at certain times of day, the ability to expand on your fixed filter rules outside of school hours*, and the option to extend digital protection to their child's personal device.

Qustodio comes at no additional cost to your district or your parents.

Qustodio Parent App Benefits for your district:

- ✓ **Set visibility for parents**
Decide what parents can see on their child's online activity timeline either during school hours, outside of school hours, or 24/7.

- ✓ **Protect your district's safety standards**
With the Rules feature, set fixed filter rules for school-issued devices that parents can add onto at home.*

- ✓ **Educate and engage families**
Give parents online safety tips, guidance, and educational resources through our Community program.

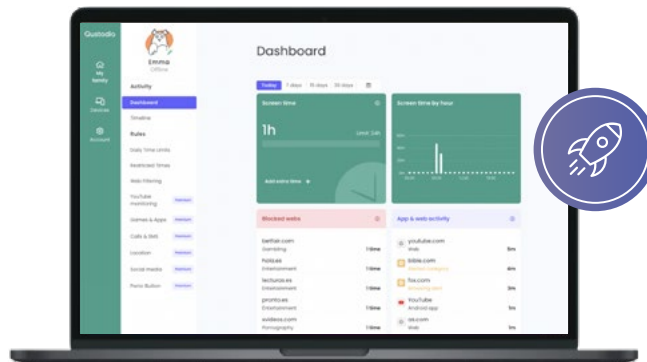

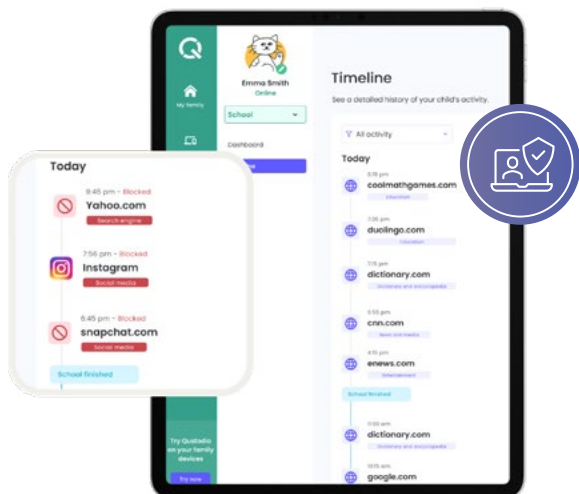

*Available with Linewize Filter using Chromebook and Windows devices.
